

Tank Care Buddy — Website

Changelog — June 11, 2026 · June 11, 2026 — Session D

Date	June 11, 2026	Repo	tank-care-buddy-site
Commit(s)	365b241	Domain	tankcarebuddy.com

What Changed

logo-mark.png — extracted brand mark PNG in site header	Added logo-mark.png: white solid fish-in-tank mark, transparent background. Same asset as used in the app repo. Served from https://tankcarebuddy.com/logo-mark.png (relative path fallback on localhost).
shared.js — LOGO_SVG uses img tag	LOGO_SVG const updated to use an img tag with class site-logo-mark and absolute URL pointing to tankcarebuddy.com/logo-mark.png. Falls back to relative path on local dev.
style.css — theme-aware contrast	.site-logo-mark renders at 24x20 px. filter:invert(1) default (light theme). [data-theme='dark'] and @media(prefers-color-scheme:dark) override to filter:none (white mark).

Files Touched

File	Change
logo-mark.png	New — white solid fish-in-tank mark, transparent bg
shared.js	LOGO_SVG uses img tag + absolute URL to logo-mark.png
style.css	.site-logo-mark 24x20px + invert filter rules

Why It Changed

Previous sessions used incorrect marks. User confirmed the app icon art (solid filled fish-in-tank) was the correct reference. The mark was extracted pixel-for-pixel from the 1024px master icon PNG using teal channel isolation, then shared with the website via absolute CDN URL.

Licensing Impact

None.

No third-party image licenses involved. All content is original or derived from proprietary Tank Care Buddy assets.

Deferred Items

- App Store link placeholder — pending until app is live
- Privacy policy effective date — update before launch

Recommended Next Step

Next

Hard-refresh tankcarebuddy.com and verify the logo mark loads correctly in both light and dark themes. Confirm size matches the header text height.
